Introducing Hybrid Life from Fidelity Life Association

The Only Way to Obtain High Face Amount, Low Cost Term Insurance Right Away!

As an agent, you know that today's customer is seeking a good value for their premium dollar. High face amount, low cost term insurance is a popular option for this reason. Unfortunately, the typical life insurance company can take up to 12 weeks (or even longer) to issue a high face amount policy at a reasonable cost. Potential customers often drop out of the process and never become policyholders due to the lengthy, invasive medical underwriting process. This creates inefficiency and lost opportunity for the agent.

Alternatively, some companies issue coverage quickly, but either limit the total amount of coverage that can be purchased, or charge a very high premium – or both. This increases the chance that the policyholder will lapse their coverage once a higher face amount, lower premium product is found. Up until now, there has simply been no company that is issuing high face amount, low cost term life insurance quickly.

Changing the Way Life Insurance is Sold

Fidelity Life Association has developed Hybrid Life, a patent pending life insurance product designed to solve this problem. Only available from Fidelity Life, Hybrid Life provides a blend of level term "all cause" life insurance and an accidental death benefit through a convenient, quick non-medical underwriting process. In fact, most policies can be issued in 24 hours or less.

With Hybrid Life, the customer has up to six months to complete the optional medical underwriting process. Based on the customer's medical underwriting results, the company will increase the "all cause" portion (up to 100%) and reduce the accidental death portion proportionally. If a customer's medical underwriting results do not allow for any improvement in policy benefits, the initial blend of coverage remains in force as originally issued.

Hybrid Life allows coverage to be put in force very quickly while giving the customer the option to complete medical underwriting at their convenience in order to maximize policy benefits. This directly improves the number of cases the agent can place, which drives up profitability per agent. In addition, Hybrid Life's competitive premium rates and high coverage limits increase the chance that once a policy is in force, it stays in force.

Experience the Hybrid Life Difference

Hybrid Life offers several distinct advantages for both the agent and customer alike. Unlike other companies who may issue temporary insurance agreements or conditional receipts, Hybrid Life is unconditional coverage that can be kept in force for the length of the term period chosen and beyond (up to age 95).

With typical medically underwritten products available elsewhere, the customer must take the medical exam immediately before even temporary or conditional coverage can be issued. In contrast, Hybrid Life allows the customer up to six months to undergo a medical exam. This not only allows for convenient scheduling, it also allows the customer to improve health issues such as weight, cholesterol or blood pressure which may ultimately allow for a more favorable blend of benefits.

These unique features make for a product that fits the needs of most customers seeking high face amount, low cost term life insurance coverage. This adds up to a product that has been proven to increase agent placement and profitability.

Continue reading to learn more about how Hybrid Life can benefit you and your customers. Most importantly, begin offering Hybrid Life today!

Innovation Is Our Policy®

Fidelity Life Association,
A Legal Reserve Life Insurance Company

8700 W. Bryn Mawr Ave., Ste. 900S, Chicago, IL 60631

www.FidelityLife.com

Hybrid Life Product Features

- 10, 15, 20 and 30-year term life insurance
- Blended coverage providing an initial All Cause Death Benefit and Accidental Death Benefit
- Initial blend of coverage is issued after the customer is approved through a non-medical, 24-to-48 hour underwriting process.
- Option to undergo medical underwriting within the first six months of the policy's issue date to potentially qualify for an improved blend of policy benefits.
- All Cause Death Benefit is renewable on a level premium basis through the initial term period, and on an annual renewable term (ART) basis up to age 95.
- The Accidental Death Benefit expires after the initial term period.

Issue Ages by Term Period

Term Period	Non-Nicotine	Nicotine
10-Year	18 – 65	18 – 65
15-Year	18 – 65	18 – 65
20-Year	18 – 60	18 – 60
30-Year	18 – 50 [†]	18 – 45 [†]

* Issue limit—Age 50: \$50,000 to \$900,000

[†] Issue limits—Ages 18 – 44: \$50,000 to \$690,000; Age 45: \$50,000 to \$640,000

Issue Limits

Issue Age	Minimum	Maximum
18 – 65	\$50,000	\$1,000,000 ^{††}

* Issue limits for Non-Nicotine user 30-year term—Age 50: \$50,000 to \$900,000; Nicotine user 30-year term—Ages 18 – 44: \$50,000 to \$690,000; Age 45: \$50,000 to \$640,000.

^{††} The total combined amount of coverage available with all FLA products is \$1,000,000.

Dependent Child Rider (optional)

Issue Ages - Parent (ie. proposed insured): 20 to 60
 Issue Ages - Children: 15 days to 18 years (standard risks)
 This rider provides coverage ranging from \$5,000 to \$25,000 for each eligible child, stepchild or legally adopted child. Coverage expires when the child reaches age 23 or when the insured reaches age 65, whichever comes first. Rate is \$8.00 per \$1,000 per year. (Rider not available in all states.)

Age Basis

This product is **age nearest**, rather than age last birthday.

Premium Bands

- 1) \$50,000 - \$99,999
- 2) \$100,000 - \$249,999
- 3) \$250,000 - \$499,999
- 4) \$500,000 - \$999,999
- 5) \$1,000,000

Rate and splits remain at non-medical level if customer chooses to NOT to undergo Medical underwriting, or if rated below the last medical premium class listed under each tier.

*Any form of tobacco or nicotine product, including cigarettes, electronic cigarettes, cigars, pipes, chewing tobacco, snuff, nicotine patches or nicotine gum.

The Underwriting Approach

Does your client qualify for Non-Medical Hybrid Life?

1. Client must be a U.S. citizen or have a permanent resident status (a green card) and have a valid Social Security Number.
2. My Client lives and works in the United States.
3. My Client (older than 55 years) has seen his/her personal physician within the past 5 years.

Conditions NOT Acceptable at All—Do NOT Submit (within the last 10 years unless otherwise stated)

- | | |
|---|--|
| Alcohol/Drug dependence within 5 years or currently elevated liver function tests | Defibrillator or Pacemaker |
| ALS (Lou Gherig’s Disease) | Diabetes with Cerebral/Cardio Vascular Disease |
| Alzheimers, Dementia or Memory Impairment | Diabetes with Coronary Artery Disease |
| Anemia other than Iron Deficiency | Down's Syndrome |
| Aneurysm (Aortic or Brain) | Hepatitis—other than A |
| Angina | HIV/AIDS |
| Atrial Fibrillation | Kidney Disorder including renal failure or dialysis |
| Arrhythmia | Leukemia |
| Autism | Liver Disease |
| Blockage or narrowing of the arteries | Lupus (SLE) |
| Cancer/Melanoma (other than Basal or Squamous Cell) | Malignant Neoplasm/Lymphoma |
| Cardiac Bypass or Stent Placement | Mentally Challenged |
| Cardiomyopathy | Mental Illness—Bi-Polar, Schizophrenia or Psychosis |
| Cerebral Palsy | Mitral Valve Prolapse with Treatment |
| Congestive Heart Disease | Muscular Dystrophy |
| COPD/Emphysema—Severe | Multiple Sclerosis |
| COPD/Sarcoidosis (pulmonary) | Pancreatitis |
| COPD with tobacco use | Parkinson's Disease |
| Crohn's Disease/Ulcerative Colitis—less than 2 years since last symptoms | Seizures –Grand Mal/Partial/Focal—with only Moderate control |
| Cystic Fibrosis | Stroke (CVA) or Multiple TIAs |
| | Transplant Recipients |
| | Vascular Disease—other than mild with no surgery |

Non-Valid Driver's License for the following reasons are IC (Individual Consideration):

- Child Support
- No Insurance
- Never had a License
- Just Moved
- Parking Tickets
- Expired Tag or License
- Court Costs or No Show
- Emission Testing

Financial Justification

Financial justification of the amount of life insurance requested is an important consideration. While large business or estate planning cases can present both special and complex challenges, personal insurance remains straight forward.

Please use the following factors for determining the amount of personal insurance available to applicants.

Age	Earned Income Factor	Unearned Income Factor
20 – 30	30	3
31 - 40	25	3
41 - 50	20	3
51 - 65	15	3

For example, someone aged 35 earning \$40,000 per year would be eligible for total coverage (all sources) of \$1,000,000 (40,000 x 25).

Earned income includes all the taxable income and pensions and other wages obtained through employment.

For our calculations, SSI benefits, disability pension benefits, welfare or other city, state or federal assistance benefits are considered unearned income.

Exceptions:

1. Except in rare cases, the minimum face amount, in the absence of other coverage, may be allowed regardless of income.
2. Rounding should be done to the next \$10,000. For example, if someone qualifies for \$102,000 of coverage we would allow \$110,000.

As always, underwriter discretion (allowing more or less coverage) may be applied provided documented justification is properly added to the file using an “exception” note.

Family Income

An unemployed spouse may have an amount equal to that in force (or applied for) on the employed spouse up to \$300,000. For amounts over that, the unemployed spouse is usually limited to 50% of the amount in force (applied for) on the employed spouse. Homemakers are OK without an interview up to the maximum for age providing the spouse or children are the primary beneficiaries.

Student Coverage

Our general guidelines are a maximum of \$100,000 on high school and trade school students, a maximum of \$200,000 for college students and a maximum of \$300,000 for post-graduate students (Masters, PhD, Law School or Medical school).

Military

Military personnel are evaluated based on what they do, not their rank/grade. We do not offer coverage to combat specialists, members of combat teams, hazardous military occupations and recruits or enlisted Grades 1 through 4.

Military risks serving in, or alerted for service in areas of conflict or potential conflict are not acceptable.

Aviation exclusions are only available to Air National Guard or reserve pilots. All exclusions must be witnessed by the beneficiary.

All military applicants are subject to an underwriting interview.

Hybrid Life from Fidelity Life Association

Foreign Travel

The factors that affect consideration of applicants who plan foreign travel can change very quickly. These guidelines are not a substitute for common sense. The current political, environmental, military, criminal and health factors for each country or area where travel is contemplated must be considered.

Always check the State Department Web site (www.travel.state.gov) for any travel warnings. If present, coverage is not available.

NOTE: While a small number of states do not allow underwriting action based on hazardous foreign travel, this does not apply to foreign residence. The travel question on the application **MUST** be answered in all cases.

The following guidelines apply to U.S. citizens traveling abroad. Permanent Residents (green card holders) will be considered only if proposed travel is to low risk areas.

Foreign Travel Defined

- a. Vacation travel is a single trip of 30 days or less.
- b. Business travel totaling not more than 90 days per year and not more than four weeks at a time.
- c. Longer periods of travel (4-6 months) will be classified as Foreign Residence and rated appropriately.

Occupations

Where business travel is indicated and the occupation does not appear to be appropriate (e.g., janitor) a clear explanation will be required.

Travel by Missionaries (and related religious activities), Diplomats, Journalists, Archeologists, Geologists, Volunteer and Foreign Aid workers will not be considered. Military and U.S. State Department personnel may be considered on an individual basis.

Vacation

Travel to resort destinations is usually considered at best class. The same holds true for cruise ships which have ports of call in areas of moderate concern.

Visits to “family” should not be considered as true vacation travel and should be handled strictly in accordance with the area classification.

The standard requirement for our business is that the Proposed Insured must be a U.S. citizen living in the United States or a Permanent Resident (green card holder) living in the United States.

In some cases, a U.S. citizen living outside the United States on a temporary basis might be considered if they are residing in a low risk country. The temporary residency must be for a period of 90 days or less. Where a longer period of time is anticipated or where the total amount of time living outside the United States will exceed 4 months per year, we will underwrite on a case by case basis.

Temporary Residents

Applicants who are in the United States on the basis of a temporary visa will not be considered.

Underwriting Contacts

Underwriting at Fidelity Life is completed by a combination of home office staff and outside underwriting groups. We recognize that producers have a need to contact an underwriter for any number of reasons and encourage you to do so. Our success, like yours, depends on being able to put profitable business on the books.

Need to speak to an underwriter? Call: **(866) 947-8739**
This toll-free number searches the underwriting group and finds an available underwriter here at the home office.

Underwriting Case Status: **(888) 440-1540**

You may receive communication from underwriters who are not listed below. Feel free to deal with these other underwriters on a case by case basis. General questions or situations of concern should, however, be addressed to the following:

Doug Coe, Chief Underwriter
(224) 265-9726
